CURTAINS

ESSENSSE NEO

Comfort with style

SHOPS - BANKS - OFFICES - AIRPORTS

ESSENSSE NEO

High performance and visually attractive air curtain providing comfort and convenience for use in representative areas, such as **banks, shops, shopping centers, airports and office buildings** with a recommended installation height up to 4 m*.

* Maximum recommended installation height/width – it may differ based on the existing conditions at the installation location.

PARAMETERS

- Lengths: 1.0 m; 1.5 m; 2.0 m and **2.5 m**
- Air flow up to 5,500 m³/h
- Versions with electric heating, water heating and ambient version
- Unique **STRAW SYSTEM Technology** maximizing screening effect
- Electric heating with ZIG ZAG Technology

CONTROLS

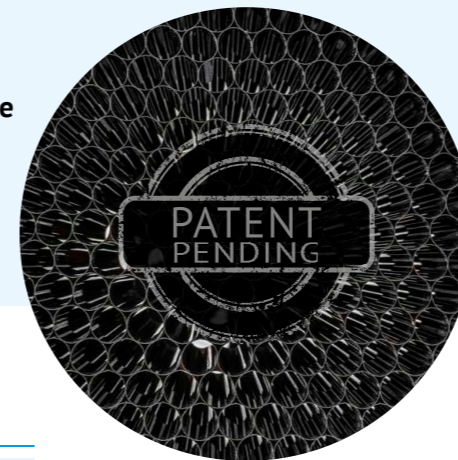

- Option to choose from 3 types of controls: **BASIC | COMFORT | SUPERIOR**
- Door switch function
- Integrated timer (week/day)
- BMS control (ModBUS RTU) optionally

- Unified design solution
- Entire coverage of commercial applications
- Energy – efficient **AC fans**
- Unique **STRAW SYSTEM** Technology maximizing screening effect
- Smart controls integrated
- Easy maintenance

STRAW SYSTEM TECHNOLOGY

- Unique **STRAW SYSTEM Technology** maximizes screening effect by laminar and compact airflow
- Air is blown out steadily at **high pressure and velocity** through the grille, reaching **higher distance at lower noise** compared to a common technology with blades
